

BST Whiteboard Cleaning Spray | PR1ASBD240NW

The BST Whiteboard Cleaning Spray

Plastic spray bottle containing 240mls cleaning and conditioning solution, removes dirt, grime and stains from whiteboards and can also remove accidentally applied permanent marker ink. Adds an easily erasable surface to whiteboards. A second application sprayed on the board and spread with a soft tissue leaves a slightly “oily” film which conditions the board and helps to erase ink off the whiteboard. Bottles are packaged into individual boxes, along with trigger spray head.
